Note #1 Not Awarded

2020

Racing in 2020 was limited by governmental imposed virus social distancing restrictions that prevented our RC from using the Flagship on the water. A delayed season start brought limited racing with the start/finish line and RC established at our EYC lighthouse rather than on the water allowing non-traditional off wind starts/finishes and courses not considered appropriate for long established deeded awards. These conditions also brought crewmember limitations on many boats due to no fault of their own.
