

Dear Slip Holder,

The Club Dock Committee has established standards for a new product being made available to the membership, Boarding Dock Steps

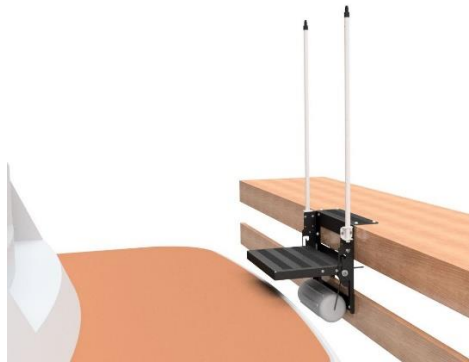

The Boarding Dock Step is attached to the dock with a flip-up step for easy storage when not in use. The step-down distance is adjustable at 5" or 8". Optional step-up versions are available in 8" or 16" vertical heights. Optional handles are also available. **Dock steps can be seen at slip D-25 and D-26.**

This durable design made out of 14-gauge coated steel will allow you to safely board & disembark your vessel. Features include:

- Adjustable heights (both up & down)
- 14-gauge steel... powder coated to withstand the elements
- Fold up steps with fender fasteners
- Slip resistant steps
- Slip holders that require a step for easier and safer boarding of their vessel may purchase these from the Club and will include installation.
